

Final word from our Sponsors.

Ladies and Gentlemen: Boys and Girls,

Much is spoken and written to the detriment of modern day youth culture and whilst, unfortunately, there will always be a bad element out there; it is refreshing to focus on the other side of the coin for a change.

75% of CATS members are twenty years old and under who not only give up their free time, but actually pay membership and show fees for the privilege of staging performances, in order to offset the costs of costume hire, scenery hire and manufacture, printing fees, insurance, to name but a few expenses.

As main sponsors, we at Aluminium Direct hope that our contribution will go some way to covering part of these costs and ensure that CATS are around for many years to come, entertaining the public of Corby and surround.

We wish all associated with CATS, performers, musicians, backstage crew and Directors alike, a wonderful show and hope you, the general public, enjoy the performance and continue your support in future productions.
